

## Extra Information

### iTunes Accounts

Parents who **own** 2 iPads should use the one Apple ID. Please be aware that ID account holders need to be 13 years or older. If you set this up from your iPad and put an age in that does not meet this, Apple security will not allow an account to be set up on the iPad. You will need to use a computer.

### Covers

Until the iPad is paid for in full, it must have the school issued iPad cover.

### Using the iPad

It's important to find a comfortable posture when using iPad, and to take frequent breaks. Use your lap, or a table, case, or dock accessory, to support iPad during use.

Handle iPad with care, to maintain its appearance. If you're concerned about scratching or abrasion of the screen, you can use a case or a cover, sold separately. (We have supplied a screen cover with your iPad ready to go pack).

The iPad is sensitive to heat – please do not leave in a car or in direct sunlight.

**Reminder:** the iPad is to be used only at home or at school and is not to be used whilst travelling in the car, bus etc.

For more information about handling iPad, see the iPad Important Product Information Guide at [support.apple.com/manuals/ipad](http://support.apple.com/manuals/ipad).

### Cleaning the iPad

To clean iPad, unplug all cables and turn off iPad (press and hold the Sleep/Wake button until the red slider appears, then slide the onscreen slider). Use a soft, slightly damp, lint-free cloth. Avoid getting moisture in openings. Don't use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives to clean iPad. The iPad screen has an oleophobic coating; simply wipe the screen with a soft, lint-free cloth to remove oil left by your hands. The ability of this coating to repel oil will diminish over time with normal usage, and rubbing the screen with an abrasive material will further diminish its effect and may scratch your screen.
